Feis in the Vines Irish Dancing competition coming to Epicenter Sports and Entertainment August 21st and 22nd

Santa Rosa, CA (8/4/2021): Epicenter Sports and Entertainment will play host to Feis in the Vines, an exciting new Irish Dancing cultural event presented by the Michael Dillon School of Irish Dance of Walnut Creek.

Over 250 competitors from over 30 different Irish Dancing schools will take part in the two-day contest, which will take place primarily in the morning and early afternoon hours of both days.

“Feis” is a Gaelic word for an arts and culture festival. Thirty different Feis events are taking place across the country during 2021 that are affiliated with Feis in the Vines, each celebrating Irish heritage and the arts.

“In keeping with our embrace of cultural and artistic celebrations of the many different ethnic groups that make up our community, we are really excited to be hosting our first Feis,” said Jenny Ogston, General Manager of Epicenter. “We have a few folks with Irish ancestry on our team, so not only will this be a lot of fun for all of us to see, but a few of us will be learning a lot more about their own roots.”

When asked if any of the Epicenter team would be showing off their Irish dance skills, Ogston just laughed and said, “Nobody wants to see that. We’ll leave the dancing to the experts.”

To complement the festivities, Victory House and Piner & Coffey To Go will be featuring a wide variety of some popular Irish dishes and drinks for the American palate, including Irish Curry Dip & Chips, Corned Beef & Cabbage Sandwiches, Guinness Glazed Meatball Sliders, Irish Milkshakes, All About the Green Wicked Slush Split, Irish Coffees, Irish Mules and, of course, a whole lot of Guinness on tap. A full calendar of the events will be released the week of the event and will be viewable on the calendar at www.visitpicenter.com.

The businesses of Epicenter Sports and Entertainment will be open during Feis of the Vines, so make your plans now to support the arts, learn a bit more about Irish culture, and have a great time doing all of your favorite activities at Epicenter on August 21st and 22nd.
